Subject: Village

Hi Alison

I have been asked by the Horticultural Society if it would be OK if they did something about the unfinished tip of the western end of the village green.

Last year Cath Scales put some spare plants there which looked very nice but this year only weeds are growing. The request is that if the PC will provide the turf the BHS volunteers will install it there and in front of the BHS "box" which is also bare ground. Can the PC obtain turf from a local contact? I don't know how much will be needed without measuring up but probably not more than 5 or 6 rolls.

A second request was for an outside tap to be provided at the toilet block to be used for watering. I have pointed out the problems we have with vandalism in this area and that a tap would be subject to misuse and vandalism here unless boxed and locked, something the PC would probably not want to enter into.

Adrian
